

ABSTRACT OF THE DISCLOSURE

The present invention discloses phosphorus-containing epoxy monomers of formula (I),

and a phosphorus-containing diamine hardening agent of
10 formula (II),

wherein A and B are defined as the specification. The
15 present invention also discloses a phosphorus-containing
flame-retardant epoxy composition including one or both of
the phosphorus-containing epoxy monomers of formula (I) and
the phosphorus-containing diamine hardening agent of formula
(II).
